LIST OF ADMISSIBLE FRUITS AND VEGETABLES FROM PAPUA NEW GUINEA

A. The following items are admissible from Papua New Guinea into the entire United States (includes Continental United States, Guam, Alaska, Hawaii, Puerto Rico, and the Virgin Islands) without a USDA import permit:

Cannonball fruit
Coconut (without husk or without "milk")
Cyperus corm
Lily bulb, edible
Maguey
Mushroom (fresh)
Peanut (raw) (Prohibited from China, Cote d' Ivoire, India, Indonesia, Japan, Philippines, Senegal, Thailand, and Upper Volta)
St. Johnsbread
Tamarind bean pod
Truffle (fresh)
Waterchestnut
Waternut

In addition to the above items, other food materials including such items as dried beans and peas (except Vicia faba, Lens spp., and Lathyrus spp.), dried seeds, dried bamboo leaves, dried herbs, and similar commodities are admissible for food purposes and may be imported without permit from all sources into any port subject to inspection on arrival. Dried nuts without fleshy or leathery husk (except acorns, chestnuts, coconuts and macadamia nuts) are enterable for food purposes without permit at all ports, subject to inspection.

B. The following items are admissible from Papua New Guinea with a USDA import permit issued in advance of the shipment. Permits are issued only to U.S. importers.

1. Admissible into the entire United States (includes Continental United States, Guam, Alaska, Hawaii, Puerto Rico, and the Virgin Islands):

Chestnut (treatment required see 319.56-2b)
Dasheen (tuber)
Kava, Piper methysticum (rhizome)
Yam, T101(f[3])

2. Admissible into Guam and the Commonwealth of the Northern Marianas:

Lettuce

FROZEN FRUITS AND VEGETABLES: Freezing is an acceptable treatment for most fruits and vegetables. The treatment involves an initial quickfreezing at sub-zero temperatures with subsequent storage and handling at not higher than 20° F at the time of arrival.
