

ESTABLISHING SANITARY MEASURES IN THE CASES INDICATED

N° 335 EXEMPT, SANTIAGO, CHILE, FEBRUARY 5TH, 1981

Considering: The provisions in DFL.RRA. N° 16 of February 19th, 1963, and

WHEREAS:

In the places for final disposal of garbage food leftovers are dumped which can be agent of origin in the spread of livestock infecto-contagious diseases.

The above places pose a serious sanitary risk when animals of the porcine species enter or can be found therein. It is the responsibility of the Chilean Agricultural and Livestock Service – SAG – to watch over animal health in Chile.

I RESOLVE:

- 1.- Places for the final disposal of garbage are hereby pronounced as health risk areas.
- 2.- The SAG can apply any one of the sanitary measures in article 9 in DFL.RRA. N° 16, of 1963, to such swine as may enter and remain in the garbage disposal or dumping places in the number hereinabove.
